

The Campbell 31' Express Cruiser, built on a Duffy hull, is powered by a six cylinder 380 hp Cummins diesel engine, cruising at just under 20 knots. A bridgedeck settee highlights the comfort and versatility of this cruiser. Designed as a weekender/photo platform, her basic simplicity has been finished to a level commensurate with finer yachts, though still rugged and reliable.

Hull

- ★ Duffy & Duffy 31' Solid Glass Laminate (Vinylester Skin Coat)

Measurements

- ★ LOA - 31'
- ★ LWL - 29'3"
- ★ BEAM - 11'6"
- ★ DRAFT - 3'3"
